Edmonton Metro Council Happenings

I. COUNCIL HAPPENINGS:

- ***City of Edmonton:***
    - **Tuesday, August 27, 2019 – City Council**
        - 6.6 - Edmonton's Energy Transition Strategy – Targets
            - UDI-ER was in attendance Tuesday as Edmonton City Council passed two resolutions as part of the City's response to reducing greenhouse gas emissions:
            - One in favour of a revised Community Energy Transition Strategy (as it was deemed the City was currently not on pace to remain below the 1.5 degree Celsius temperature increase target) and the other declaring a state of climate emergency.
            - As part of this declaration, the City will explore moving more aggressively on pursuing carbon-neutral buildings, electrification of city vehicles and new sources of electricity.
            - Moving forward, Council will receive an interim report from Administration in December.
